

Schedule B Instructions

Please keep in mind that the information gathered on this report is for the period from January 1 to December 31. The information should be relative to **SALES and USE, not Purchase or the Year of Production.**

Royalties are due on any licensed variety that you produced that was planted or sold for seed. This includes seed you produced in previous years, carried forward and sold or planted during the reporting period. Do not include any seed of licensed varieties that you purchased from others, regardless of when it was purchased or resold.

****Seed that was produced as Registered class seed and down-graded for marketing or used as Certified class seed should be reported as Certified seed sales, use, etc.***

1. Be sure to indicate unit size (Pounds, 50# or Bushels) as you complete the report.
2. In column (a) report the number of units of each of the varieties and classes you planted this fall from your own production, for your own use. Include units for both seed and grain production. Include seed carried forward from previous years. Do not include seed purchased from others.
3. In column (b) report the number of units of your own production that you transferred or sold. Include all seed sales, bagged or bulk, cleaned or uncleaned, or your seed carried forward from previous years. Do not include seed you purchased from others.
4. Total columns (a) and (b) and report in column (c).
5. Multiply column (c) by the royalty rate and report in the **TOTAL Royalty Due column**. Use the royalty rate chart (below) to complete column (d).
6. Report the number of **acres** you planted this fall that are intended for harvest as seed next summer. These are the acres you intend to apply for certification.
7. In the Carryover column, report the number of units of seed that were available as of the end of the reporting year that will be carried forward into the next year as seed.
8. Report the number of units of your production that were sold as grain or used as feed. Include cleanout, failed production, and excess seed marketed as grain or feed.
9. Total all columns and report Grand Totals at the bottom.
10. Make your check for the Grand Total of Royalty Due amount to Kansas Wheat Alliance.
11. Sign, date, and print your name and title in the blanks provided.
12. Keep the bottom (pink) copy for your records.
13. Send your completed Schedule B (white & yellow copies) and royalty payment to:

Kansas Wheat Alliance
2005 Research Park Cr., Suite 105
Manhattan, KS 66502
14. **Your Schedule B is due in the KWA office by January 31. Please send it early enough to ensure its timely arrival before January 31.** Contact KWA if you have any questions. 785/477-3400 or kwa@kansas.net

Variety	Royalty Rate-----		
	pound	50# unit	60# bushel
Danby	.01	.50	.60
Everest	.015	.75	.90
Fuller	.01	.50	.60
Jagger	.005	.25	.30
